Date of birth: 24/03/1994 **| Nationality:** Karakalpak

SUMMARY:

Dedicated **BI Developer** with 1 years of experience in designing, developing, and optimizing data-driven solutions. Proficient in various BI tools, including **MS SQL**, **Power BI, DAX and Python**. I have a proven track record of translating complex business requirements into actionable insights. My expertise extends to data modeling, ETL processes, and dashboard creation, ensuring data accuracy and accessibility for informed decision-making. I am a highly collaborative team player with a passion for problem-solving and a commitment to delivering high-quality BI solutions that drive business success.

SKILLS:

Technical Skills:

- Experienced in developing relational databases with expert-level database skills and understanding of SQL code development (stored procedures, user functions, triggers)
- Proficiency in python in terms of writing scripts to automate frequent tasks and data manipulation, visualization purpose with the help of Pandas, Numpy and Matplotlib
- Mid-level experience in Power BI to help Organizations by transforming raw data to meaningful insights and visualizations and understanding DAX calculations

Soft Skills:

- Highly analytical thinker with a proven ability to extract actionable insights from complex data.
- Adept problem-solver, with a track record of resolving data-related issues and finding innovative solutions.
- Strong time management skills, capable of managing multiple projects and meeting tight deadlines.
- Adaptable to evolving BI technologies and tools in the rapidly changing data landscape.
- Dedicated to continuous learning, staying updated with the latest BI trends and technologies through ongoing self-improvement and professional development.
- Communicated effectively with project management regarding issues and needs for projects

EDUCATION:

September 2012 – June 2016
Bachelor of Information and Information Technology
Tashkent University of Information Technology
Master of Computer Engineering
Tashkent University of Information Technology
September 2021 – July 2023
Business Intelligence Intensive Course
- **MAAB Academy** Alumni - BI Courses (Data Analytics and Data Engineering course), academy.maab.uz

LANGUAGES PROFICIENCY:

- **English** – **B2**   7/10
- **Uzbek** – **Native** 10/10
- **Russian** – **B2**   7/10

EXPERIENCE:

September 2021 – March 2022

Training specialist
IT PARK
As a training specialist in IT Park I was responsible for teaching young programmers Python, HTML, CSS, and Java.
- Fostered a culture of continuous learning and development within the organisation, encouraging staff engagement.
- Developed comprehensive training materials, including manuals, course notes, and multimedia visual aids.
- Created successful training courses based on evaluation of student needs.

From April 2023 until now
IT specialist
LLC Netlink

 IT organization specializing in Telecommunication services.

As an IT Specialist in an organization specializing in Telecommunication services., I was responsible for designing, developing, and maintaining BI solutions that empower clients to make data-driven decisions. My role involved:

- Strong experience with SQL Server in implementing, maintaining developing Stored Procedures, Triggers, Nested Queries, CTE, Joins, Window functions, Views, User Defined Functions, Indexes, User Profiles, Relational Databases Models, creating and updating tables.
- Designed and built queries, reports, and dashboards using various data visualization tools including, but not limited to, Power BI and MS Excel.
- Developed filters, reports, dashboards and also created chart types, visualizations and complex DAX calculations to manipulate the data in Power BI.
- Created reports using Power BI Desktop and deployed to Power BI Service to share with end users via Workspaces and Apps which implemented Row Level Security and User Group management.
- Used various formatting techniques and features like interactive sorting, grouping, slicer, bookmarks and many others to create user friendly reports.
